

Distributed Time Entry

FundView Distributed Time Entry allows individual employees and designated department representatives to input time directly to the Payroll module for approval and processing. Provides validation of availability of leave/comp time at input. Ability to reject back and complete audit trail of input/related changes.

FundView Distributed Time Entry is a web-based solution that helps streamline your organization’s payroll process. Allows for time entry at the individual, group and enterprise level with workflow for approvals.

FEATURES & BENEFITS

- Online timesheet entry with leave validation
- Smartphone app for individuals
- User-defined groups that are not department specific
- Approval levels and workflows
- Dashboard reflecting status of all timesheets
