

# Asset Management

*FundView* Asset Management provides complete management of assets including ID tracking, purchase history, date in service, useful life, depreciation method and location. Image attachment allows for simplified physical inventory.

**FundView** Asset Management is a web-based solution that helps manage your organization's capital assets. Includes ability to flag as pending asset in Purchasing and Accounts Payable in preliminary asset record for review/update.

## FEATURES & BENEFITS

- Track asset ID, location, description and service history
- Track additions to existing assets and equipment relationships
- Depreciation method/calculation and reporting
- Attach electronic documents and images to asset record
- Reporting by various filter options including location, type, purchase date
- Flag assets in Purchasing and Accounts Payable to create preliminary asset record

The screenshot displays the FundView web application interface. At the top, the 'FundView' logo is on the left, and navigation links for 'Fixed Assets', 'Help Documents', 'Support', 'Logout', and 'Hi, Brian' are on the right. A vertical sidebar on the left contains menu items: MANAGE, PROCESSES, REPORTS, SETUP, and various document types (AP, AR, BNK, BL, CE, CR, FA, GL, HR). The main content area is titled 'Assets' and features a '+ Add Asset' button. Below this is a table with columns for Name, Asset ID, Status, In Service Date, Type, Location, and Edit. The table lists several assets, including HP Laserjet Printers, Dell Latitude laptops, Microsoft Keyboard, Genicom Printer, Lexmark 1500 Printer, and Deere Grader. A 'Close' button is visible in the bottom right corner of the table area.

Name	Asset ID	Status	In Service Date	Type	Location	Edit
HP Laserjet Printer	512235089	Active	9/25/2007	Office Equipment	Sheriff
